

Glaze Sheen

Technical Bulletin

Page 1 of 1

Issue Date: Dec 2006

Description and Use

Premium quality glass and chrome cleaner ideal for windows, mirrors, stainless steel, chrome, glass, shiny surfaces and architectural metals. Effortlessly cleans off grime for a streak free finish.

Features and Benefits

Glaze Sheen contains a blend of solvents, ammonia and detergents to effortlessly remove soils and evaporate off to a streak free finish.

Glaze Sheen isn't just for windows and mirrors. It can be used on stainless steel and chrome, lift doors, handles, handrails etc. to remove fingermarks and leave a sparkling finish.

How to Use

Simply spray onto surface and wipe off with a clean lint free cloth or paper towel.

New microfibre cloths used in conjunction with Glaze Sheen give outstanding results.

For heavily soiled areas with grease and fat present, preclean first with Laser or Breakaway before using Glaze Sheen

Usage Instructions

Use Glaze Sheen neat (undiluted)

Technical Data

Glaze Sheen contains a blend of water soluble solvents, biodegradable detergents and ammonia for fast effective cleaning. It has a pH of 10.8 in the neat form.

Pack Sizes

Glaze Sheen is available in 5, 15 and 200 litre drums.
